

WP7 Analysis of the Burden of Resistance: Update

Marlieke de Kraker
Hajo Grundmann

Deliverables

- D 7.1 Enlistment of recruited EU hospitals and implementation of analytical study
Sep 2007
- D 7.2 Interim report of the analytical study
Jun 2008

Hospitals

- 14 hospitals (beds)

Austria 1949

Belgium 900

Germany 1085

France 1790

Greece 929

Croatia 1673

Ireland 609

Italy 900

Latvia 1020

Malta 830

Romania 1132

Slovakia 2642

England 1200

Scotland 900

Proceedings

- Contract
- Cost Statement Form
- Letter of the METC
- First version of Study plan

- Laptops
- Start organisation of workshop

BURDEN of RESISTANCE & DISEASE in EUROPEAN NATIONS

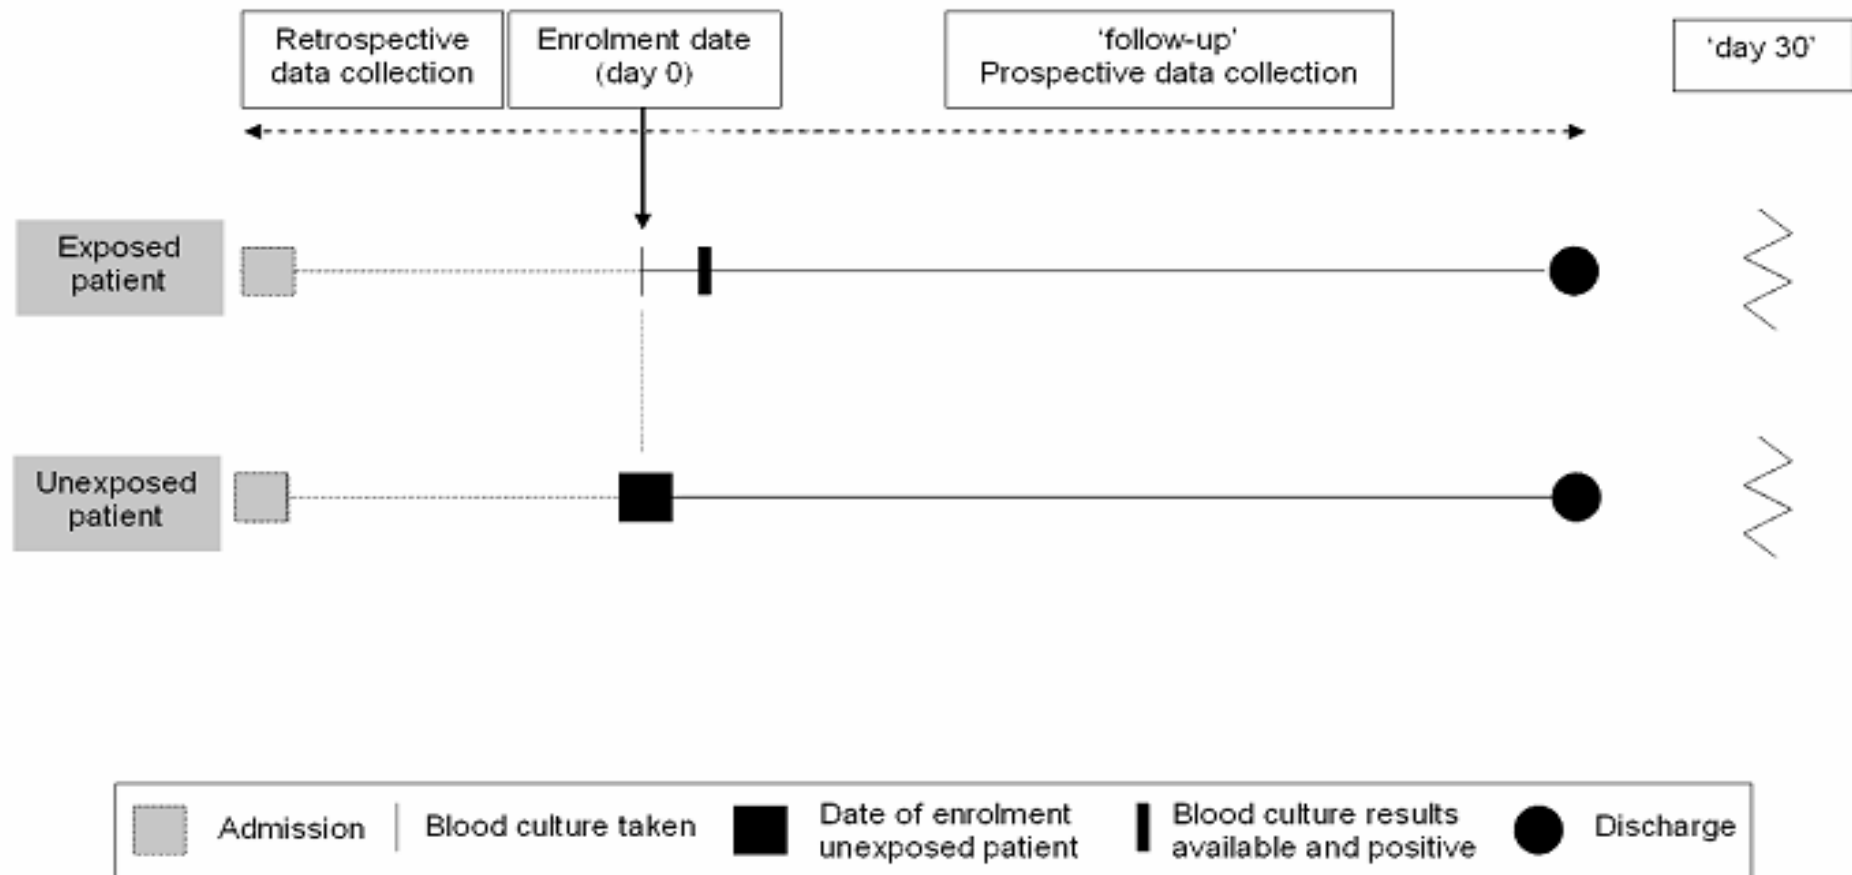

Direction Générale de Santé & protection des Consommateurs

To do list

- Collect signed contracts
- Order laptops
- Finalise organisation workshop (29th -30th of June), education?? DDD
- Finalise study plan
 - Finalise questionnaire for OSIRIS

Study plan

Data to be collected I

- On 'enrolment':
- Demographics: date of birth, gender
- Clinical information available on admission: admission date, diagnosis, reason, elective/emergency, number of medicines, type and number of co-morbidities (later to be changed to a score)
- Clinical information available between admission and enrolment: major interventions carried out in an operating theatre, antimicrobial chemotherapy before enrolment
- Clinical information available on enrolment: ward on enrolment, primary or secondary blood stream infection, mono/polymicrobial blood stream infection, source of infection, bacterial species, antibiogram, empirical antimicrobial chemotherapy, presence of devices

Data to be collected II

- During 'follow-up':
- Antimicrobial chemotherapy (including treatment for infections at a different body site): adjusted or empirical, compound/combination, start-, end date, only for cases.
- Major interventions carried out in an operating theatre: type, date
- ICU stay: admission, and discharge date
- Organ/organ systems supported (cardiovascular system, pulmonary system, gastro-intestinal system, kidneys, blood and coagulation system): type, total number

Data to be collected III

- On 'discharge':
 - Discharge date
 - Discharge destination
 - Life status at discharge
 - Nurse dependency score
- On 'day 30':
 - Life status on day 30
 - Hospital/Nursery home/Rehabilitation centre/Home self-supported or not
- **Optional:** questionnaire on the illness intrusiveness (EQ5D)
